

I am giving these two letters to Pro Life Mississippi so you can use them to help persuade someone from having an abortion in the future. I am a man and my actions from a long time ago still haunt me. These two letters were written per advice from my therapist to help forgive myself and ask forgiveness from God, the baby, and the mother. My therapist advised me not to send the letter to the person I had the relationship with, so I didn't. Many years ago I talked her into the abortion and paid for it. We were just dating and I will regret these actions for the rest of my life. I am now married and have two children and every time I look at them I realize what I did.

Once again, if you can use these letters in any way to help prevent another abortion I beg you to do so. I marked out the names for obvious reasons.

~~Dear~~
I dont want to upset you, but I have to let you know that I think about what I DID to you so many years ago, all the time. I realised ~~over time~~ that what I did is about the lowest thing a human could do. I lied to you so you would get the abortion then left you a few months later. I cant take it back, I cant change what I did to you. If I would have been a real man I would have married you and we would have had a beautiful child together. I dont know if the marriage would have lasted but ~~the force~~ ~~far outweighs~~ what I did ~~would have been~~ ~~something that I could deal with~~ but, not what but a human being would have been given a chance to live.

I can in NO WAY JUDGE anyone any longer. If there had been a law against what I DID, I would be spending the rest of my life in prison OR on death row.

I am so happy that you are married and have two beautiful children. I Hope and pray that your husband is the soulmate your were looking for.

I think about you often and how I took advantage of

you. I don't understand how things work in this world I just wish I could change this one thing, I WAS selfish and mean, you in ~~know~~ no way deserved what I DID.

I ASK the lord for forgiveness all the time. I just wanted to let you know how sorry I am for what I DID. IF you find some way to forgive me or if you don't I completely understand.

I wish I could have seen the world and life back then the way I see it now, This would have never happened. sometimes I feel like a murderer and in some ways I guess I am. I am so sorry for what I DID,

Baby,

I don't know if you were a boy or a girl, I told your mom I didn't want to know, I know now that I did something I can never take back, you would have been a wonderful human being, I was so selfish and was only concerned about me, ~~at~~ the time I would lose ~~hunting, fishing~~ and the responsibility that would have come with you if I had not done what I did.

I wish there was a way to back and not about you and also have the family I have today, I did not understand the importance and fragility fragleness of life and you ~~and~~ your mom was a sweet gift and ~~I~~ I think about you all the time when I see a little baby, especially with a young mom with straight blond hair, I am so sorry you never got a chance to live and have to live with that the rest of my life and after my life...

I HAVE ASKED THE LORD TO FORGIVE me and I'm not sure that, that has happened - but I do ask for forgiveness all the time. ~~I~~

I lied to your mom and told her that we could abort you and have a child after we got settled down.

your mom believed me and we went to Birmingham ~~to have the abortion~~ to do it. I knew what I was doing, but didn't understand the gravity of the what was at stake. I am ~~so sorry~~ SO SORRY FOR what I did and hope you can forgive me.

I am so scared that karma will take one of my two children away from me and ~~take~~ ~~to~~ ~~even~~ for what I did. I HAVE ALWAYS been a selfish person. I don't know what your mom saw in me, I was only going out with her for fun.

Now that I ~~have~~ the Lord has blessed me for some reason with two beautiful children I realize what I ~~do~~ took away from this world and ~~am~~ can't do anything about it.
